

# Ultimate Power

## Enemy Within the Ranks

By Dr. Linda A. Fischer

One woman's triumph over sexual assault in the military

### What others have said...

"...Hers is not an isolated story. By speaking out on the injustice she suffered in trying to work through an unresponsive complaint system, she brings 'fire' upon the Army's senior leadership to create a much better way for soldiers to gain justice when they are wronged."

**Brigadier General Evelyn P. Foote, US Army, Retired**

*Vice Chair, Secretary of the Army's Senior Review Panel on Sexual Harassment*

"By revealing her story, she gives courage –and words– to other women to break the code of silence that supports *the enemy within*."

"This is a *must read* for those in the military who know the relationship between quality of life issues and *mission readiness*."

**Jackie Young, PhD**, Defense Advisory Committee on Women in the Services

"... an incredible, personal account of her ordeal within [the Army.] It reads like a good mystery novel but it's all true. . ."

**Vera S. Williams**, Author, *WACs: Women's Army Corps 1942 to 1978*
